

The Biotechnology Program

Peptide Synthesis Requisition Form
Protein Chemistry Core Facility
University of Florida: Biotechnology Program

Alfred Chung, Rm 165 CGRC
Phone: (352) 273-8058
Fax: (352) 273-8070

Date MM/DD/YY: Phone: (Area Code) ()

Investigators Name:

Department:

Institution:

Purchase of Encumbrance #:

Mailing Address:

Street:

City: State: Zip Code:

Protein/Peptide Name:

Sequence (Please list from N terminus to C terminus)

Note: There will be a charge for HPLC Purification. Purification Diminishes the yields by 50%. Crude peptides are about 70% pure and work fine for most applications including using the peptide as an antigen for antibody production.

Amount Needed:

Purity Needed:

Requested Analysis:
